

# Sunny Day Activities!

## Investigate shadows

Create shadows with toys, or draw around someone's shadow with chalk. How do the shadows change?

## Play with water

Cool down in the heat with a paddling pool, watering cans, spray bottles and hoses/pipes. SPLASH!

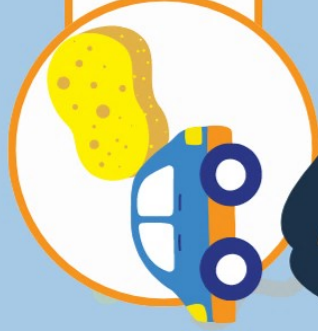

## Explore nature

Make daisy chains, feel the different textures of grass, pavement and soil and collect leaves and pebbles.

## Paint with water

Paint paving stones, fences and walls and watch as your paintings dry and fade away in the sun!

## Wash different objects

Wash toy cars, dolls, animals and clothes and leave them out in the sunshine. What happens to them?

Most importantly, stay safe in the sun!  
Be sure to wear a hat and SPF 50+ sun cream.
